

WOULD YOU LIKE TO BE A ROOM PARENT FOR YOUR STUDENT'S CLASS?

Being a Room Parent gets you involved in your child's educational experience and builds relationships with other families. As a Room Parent you:

- help communicate your teacher's expectations
- coordinate communication between your teacher and families
- encourage parent involvement and coordinate class specific volunteer opportunities
- plan and coordinate your classroom's parties and activities
- report to the PTF officers any items your teacher needs in the classroom
- help interested parents coordinate optional gift(s) for your classroom or teacher
- coordinate volunteers and collect donations for school wide events
- help with other activities as needed
- attend PTF meetings to stay connected

As a room parent you must be able to work with your teacher and complete your responsibilities. By doing so your 10 volunteer hours will automatically be fulfilled. You can play an important role in the many activities, events, and programs that make our school such a special place!

Thank You for considering the role of Room Parent. Volunteers are very valuable to our teachers and our school. You can make all the difference!
